EJ IWG Agenda April 20 2017 .docx

Hi—the draft agenda is attached. We had to move the May meeting for this month because of NEJAC on the fourth Thursday.

Hi Colleagues,

On the 3rd Thursday of every month, I co-chair the Children's Environmental Health Task Force meeting from 1 – 3, and usually my entire team participates in this meeting. Depending on the agendas, one of us may be able to join the EJ IWG meeting. Do you have any topics confirmed yet for the EJ IWG meeting?

Hi—this is great—we'll add the link to the agenda we are sending out this week. Do you want any time on the agenda to talk about minority health month?

Marsha

Good afternoon Marsha,

The HHS Office of Minority Health is promoting events for National Minority Health Month (April). Using the link below, you'll find that OMH is pulling together a calendar of events related to minority health. Would you like to submit any health-related events that you are aware of from the EJ IWG, or might this be something that you'd like to share with EJ IWG members, or the Public Participation committee? Just wanted you to be aware of this opportunity.
